WEDNESDAY MORNING. Vol. XLIII. MARCH 26, 1924.

WARREN AT NEW POST

Welcomed in Mexico City

Ambassador Makes Bid for Closer Relations Between Nations

Hope for Era of American Friendship on Arrival at Capital

WASHINGTON, March 25.—(By A. P. Night Wire.)

Charles E. Warren, American Ambassador to Mexico, arrived in Mexico City today.

He was received at the airport by a large number of officials and members of the press.

Mr. Warren, who is the first American ambassador to Mexico since the death of William H. Taft, is expected to stay in Mexico for several months.

He is expected to make a tour of the country and to hold conferences with Mexican officials.

Mr. Warren is a member of the Senate and was appointed ambassador by President Coolidge.

He is a native of New York and has been in the Senate since 1917.

Mr. Warren is a member of the Republican Party and is a close friend of President Coolidge.

He is a member of the Senate and was appointed ambassador by President Coolidge.

He is a member of the Senate and was appointed ambassador by President Coolidge.

He is a member of the Senate and was appointed ambassador by President Coolidge.

COORE FALL SON-IN-LAW

Senate Calls for Impeachment

Attack on Chase's Tenure of Federal Office Follows Refusal to Testify

White House Discloses His Resignation Already Had Been Submitted

(By A. P. Night Wire.)

WASHINGTON, March 25.—(Impeachment of Clarence C. Chase, son-in-law of Albert B. Fall, as collector of customs at El Paso, Tex., was proposed today by the Senate as an offshoot of its oil inquiry.)

A resolution presented by Senator Walsh, the oil committee prosecutor, and adopted by unanimous vote, charged that Chase had conspired with the former Interior Secretary to "mislead and deceive" the oil investigators and called upon the House, which has the sole power of initiating impeachment, to take such steps "as may be appropriate."

Later it was made known that the White House that Chase had submitted his resignation immediately after his refusal yesterday to answer any questions before the oil committee. Senators said the development would have no effect on the proposed impeachment proceedings.

When it reached the House, the Senate resolution was referred without comment to the judiciary committee, which meets tomorrow.

Committee members indicated there would be no undue haste, but that some time in the near future a course of action would be recommended to the House.

PRESS CONTEMPT CHARGE
While the Senate was debating the Walsh resolution, law officers of the government made preparations to press a charge of contempt against Harry F. Sinclair, but that some time in the near future a course of action would be recommended to the House.

Dist. Atty. Gordon conferred with special oil counsel and Chairman Ladd and Senator Walsh and it was indicated that an indictment would be asked for the arrest of a grand jury, now sitting in the District of Columbia.

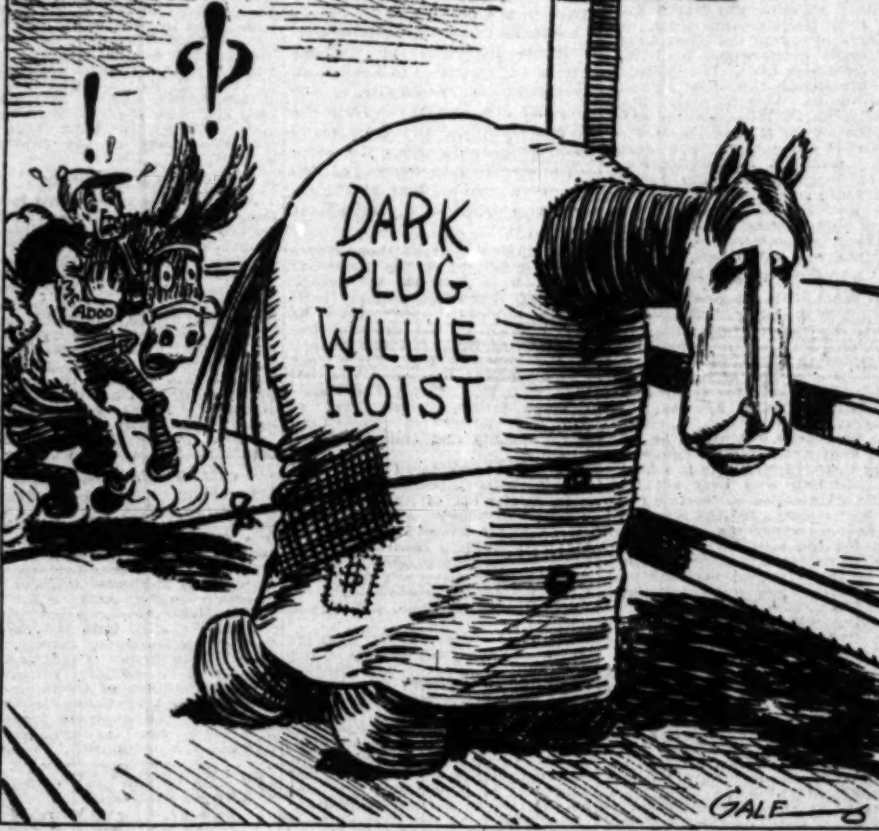

Should an indictment be returned, there would be put squarely up to the Federal courts the question of whether or not the oil committee had the right to subpoena witnesses and to place in the custody of the sergeant-at-arms until he agreed to answer questions.

Today's open session of the committee.

Carrying the Dark Horse Idea Too Far!

DEMOCRATIC NOMINATION SWEEPSTAKES (THE START)

MORE RAIN FALLS IN NORTH

"Spotted" Storm Chases Fears of Drought Damage Into Background Still Farther

(EXCLUSIVE DISPATCH)

SAN FRANCISCO, March 25.—A rainstorm of the "spotted" variety—heavy in some localities and light in immediate adjoining territory—covered practically all of Northern California today and last night, from Merced north. Heavy rainfall was recorded in some sections, while adjoining sections remained comparatively dry.

In San Francisco one-quarter of an inch of rain fell today. A similar record Monday. The seasonal precipitation here to 11:23 inches, or 6.35 inches less than the seasonal rainfall of 18.12 inches last year, according to weather bureau figures. Normal rainfall to date is recorded as 19.2 inches.

Conditions are favorable for continued showers in Northern and Central California tomorrow. Forecast by the Weather Bureau reported. Generally fair weather was scheduled for the remainder of the week, but cloudy weather was predicted for Southern California.

The "spotted" rainstorm which is expected to continue until tomorrow is a low-pressure area moving northward. Besides the rainfall in Northern California, Oregon and Nevada, and combinations of snow and rain generally in the Northern Rocky Mountains in the Plains States.

SNOW DEEP AT SUMMIT
Thirty-two inches of snow at the government measuring station at Summit was recorded Monday. Heaviest precipitation recorded today was .48 inches at Merced at 5 a. m. Oroville reported .45 inches, while Orland had but .06. Light showers prevailed in the south.

At this time, both rain and snow are doing much to relieve the drought in the West. In California, where grain crops, hay and pasture have suffered, fruit orchards are being renewed by the long-delayed moisture, while spinach canning, which practically ceased because of the vegetable turning yellow from the lack of rain, will be resumed at once. It is reported.

The following is the rainfall figures for the twenty-four hours ending at 5 p. m.

HEAVY AT STOCKTON
(EXCLUSIVE DISPATCH)
STOCKTON, March 25.—A

HAVE YOU REGISTERED?

REGISTER: A California citizen who has not registered since December 31, 1922, is, in effect, disenfranchised until he or she again signs the voters' register. The immediate demand for a representative expression of the citizenship of this State is the Presidential preference primary to be held May 6, registration for which will close April 5, but the many other vital issues to be submitted in municipal, State and national elections during the current year are no less urgent reasons for the registration of every eligible voter.

It should be borne in mind that changes in the primary law make necessary a statement of party preference before a voter is qualified to express his choice for President in the May primary. In Los Angeles county alone more than 12,000 new registrants have failed to state party affiliation and unless the affiliation is stated prior to April 5, will be unable to participate in the Presidential election. While the need for registration is general throughout the State, in Los Angeles there is particular reason for a maximum registration to dispose of many issues of tremendous importance, among them a series of large bond issues involving the proposed expenditure of many millions of dollars.

Whatever your political faith, whether Republican, Democrat or otherwise, register. Registration at this time is not alone a duty of good citizenship; it is a national and personal safeguard.

FIRE TRAPS CHINESE

Score Believed to Be Dead

One Body Found After Blaze Destroys Rooming-House in Chinatown

Man Running from Scene is Held by Police as Arson Suspect

One unidentified Chinese was burned to death and a score of others are believed by firemen to have perished and damage estimated at \$50,000 caused in a fire that destroyed a combination barn and rooming-house last night at 427 Assiniboine street, Chinatown. The property is known as Barn No. 4 of the Industrial Development Company.

Shortly after the start of the fire, police arrested a man running from the scene with a suit case and a can containing coal oil. He was booked at the City Jail for suspicion of arson. He gave his name as Joseph Lemme, 38 years of age, and said he was a transient.

SEARCH BEGINS
After the embers began to cool, firemen started a search for the twenty-five Chinese and fifteen white men rooming in the second story who have not been accounted for. Thirty-five automobiles "tricked out" by Chinese produce merchants, housed in the ground floor were burned. A horse and a cow in the lower floor were rescued by Police Officers Callahan, Stevens and Knecht, who were near by when the fire broke out.

In support of the theory that many of the scores of Chinese were trapped in the blazing inferno, Capt. Dick Henly of Engine Co. 4, the first to reach the fire, declared he saw a number of Chinese hemmed in by the flames on the second floor. Capt. Henly said he was powerless to assist them because of the start the fire had gained.

The origin of the fire had not been determined last night, but it was believed to have started from a gasoline explosion in the lower floor in which the trucks were housed. It broke out suddenly.

RESCUES THREE
It was discovered by Joe Cho, keeper of the Gospel Mission, adjoining the building. Cho told firemen he went into the burning building and brought out his uncle and two cousins but that he was unable to enter the building after dragging his partially overcome kinsmen from the flames.

Cho declared he saw three Chinese attempting to use a small fire escape on the second floor and turn it on the blazing walls.

The Gospel Mission was slightly damaged by the flames.

Police and firemen, early this morning, were still searching the ruins for victims.

PEDESTRIAN HAS RIGHTS ON HIGHWAY

Motorists Held Guilty of Negligence in Cases of Accident

(By A. P. Night Wire.)
SACRAMENTO, March 24.—The old English common law, written hundreds of years ago, for the protection of pedestrians on the highways, is in force today in California, the Third District Court of Appeals ruled today.

Under the ruling motorists on the highway are guilty of negligence if a pedestrian is struck by a machine. Pedestrians, the court said, in writing his opinion, have every right to walk in the road and can collect damages if injured. Charges cannot be made against the pedestrian for carelessness.

The court laid down its ruling in an action brought before it on appeal from Madera county by D. Develchio, who was hit from behind by a truck owned by Picketts and Barr, a Madera business firm. Develchio was struck by a truck while walking down a road. The Madera county court ruled that Develchio was careless in allowing the truck to overtake him.

The appellate court ruled that he had equal rights on the road and that the driver of the truck was at fault for failure to see the pedestrian.

LETTER OF CROKER AID TO WIDOW

Son Branded as Ingrate and Cheat; Judgment for Mate of Party Boss

(By A. P. Night Wire.)
NEW YORK, March 25.—A letter in which Richard Croker denounced his eldest son as an ingrate, miser and cheat, helped Croker's widow, Julia Croker, to a skirmish in her long-drawn-out battle over the late Tammany Hall leader's \$2,000,000 estate.

Counsel for her step-children petitioned Supreme Court Justice Levy to direct immediate judgment against the estate for \$157,405, which a jury last November awarded Richard, Jr., the Tammany man's eldest son and administrator of a trust fund he created for his children.

Mrs. Croker's attorneys opposed the motion. They offered to produce letters indicating that Croker, never intended his estate to be divided according to the asserted agreement upon which the jury award was based.

Justice Levy decided for the widow and ordered execution of the judgment withheld pending the introduction of new evidence.

Although the letter the widow's counsel produced was asserted to have been recorded during the battle over the estate staged in Ireland last year, Richard, Jr., was unable to identify it today.

RECALLED AGENTS REACH BAY CITY

(By A. P. Night Wire.)
SAN FRANCISCO, March 25.—D. F. Dwyer of Tarrytown, N.Y., and R. Vavaro of Brooklyn, N.Y., agents of the Department of Justice, who had been investigating immigration conditions at Honolulu, and who were suddenly recalled to Washington, arrived today on the Matson liner Maui from the island port.

COOLIDGE LEADS JOHNSON IN SOUTH DAKOTA VOTE

President Ahead on Incomplete Returns in Primary Race for Republican Delegates

(EXCLUSIVE DISPATCH)
SIOUX FALLS (S. D.) March 25.—The early lead established by President Coolidge over Senator Hiram Johnson of California in today's Republican Presidential primary election was slightly increased by scattering returns from all sections of the State tonight. The same returns indicate that Gov. W. H. McMaster had won the Republican Senatorial election over Senator Thomas Sterling.

With the bulk of the vote to be counted and with rural districts where Senator Johnson is believed to have made his best showing as yet to be heard from, 445 of the State's 1749 precincts gave the President 20,351 and Johnson 17,841.

On these returns, apparently representing approximately a third of the total Republican vote, Coolidge had a lead of 2522.

Result of the Democratic Presidential contest is in doubt, although reports from a few precincts in Sioux Falls and in this county indicate that the ticket pledged to William G. McAdoo has a slight lead. In Watertown, however, where Johnson had more than a two-to-one lead over the President, an unexpected Democratic ticket, was approved, 591 to 161.

BRITISH AIR RACER OFF

Lone Plane Vies With Yankees Trip Around World Started from England in Effort to Beat Americans

(By Cable and Associated Press.)
CALSHOT (Eng.) March 25.—Great Britain entered the air race around the world when American at 12:10 p. m. today when an amphibian plane manned by a trio of Royal Air Force aviators rose from Southampton water amid an escort of land and sea planes and turned its glowing nose toward the coast of France.

Officially, of course, there isn't any race. Three British flyers of long experience in the air merely wanted to try to fly around the world "on their own" and the Air Ministry gave them leave.

Officially it is merely a coincidence that a group of American planes happened to be trying to accomplish the same thing at the same time. Unofficially, however, everyone in Great Britain who cares anything about flying looks upon the venture as a race against the American planes which left California, flying in the opposite direction, last week.

TRUST SINGLE SHIP
With a single plane "on its own" in competition with four American ships, the British are putting their trust in the Kipling phrase—"He travels fastest who travels alone."

Squadron Leader A. Stuart MacLaren, a modest Scotsman 32 years of age, who is navigating the plane, is acquainted with the route from here to India, having been the first to make an air voyage between the home country and the eastern empire. But from India through the Orient and across the Pacific, Canada and the Atlantic he will fly over strange lands and water.

MacLaren expects to complete the voyage in four months. In Tokyo he intends to replace the 160 horsepower engine which roared off toward France this morning, with a new one of the same type. Another motor and another plane will await him in Ottawa.

WILL MEET ON WAY
The British flyers rushing counter-clockwise around the earth, expect to pass the American air armada going in the opposite direction somewhere in the Orient.

Just before arising from the water the allied fleet will be met by King George wishing him success and assuring him that he will follow the progress of the trip with keen interest. Lord Thomson, the Air Minister, then bade the flyers official Godspeed in a short talk.

LANDS IN FOG
HAYRE (France) March 25.—The MacLaren airplane, which beat the world flight from England today, descended near here this afternoon owing to the fog.

SCHEDULE NEW STOP
(By A. P. Night Wire.)
SEATTLE, March 25.—Warned by an Alaskan southerly that fierce storms and high gales might be encountered by the eight United States Army globe-circling aviators while attempting to cross the North Pacific Ocean in April, Maj. (Continued on Page 2, Column 3)

BERGDOLL LEAVES BADEN

Draft Evader Departs With Much Luggage; Said to be on Way Here "to Face Music"

(By Cable and Associated Press.)
EBERBACH (Baden) March 25.—Grover Cleveland Bergdoll, the American draft evader, left here this morning for an unannounced destination. As he carried considerable luggage it is generally assumed he is quitting Germany.

He made other preparations prior to his departure which seemingly indicated that he did not contemplate return to Baden.

Friends of Bergdoll hinted today that he was "going home to face the music," since he had become a persona non grata with the Baden government, which it was stated, had issued to him a certificate of American citizenship which will enable him to cross the German frontier.

Bergdoll motored out of Eberbach in the direction of Frankfurt, where it is believed he will

NAVAL PARLEY PLEA IGNORED

Coolidge Deaf to Request of
House for Meet

Time is Held Not Opportune
for Call to World

Further Limitation of Arms
Now Not Possible

(EXCLUSIVE DISPATCH)

WASHINGTON, March 25.—

President Coolidge will pay no

more attention to the request of

the House of Representatives that

he call a conference on Naval

limitations, than the House paid

to his request that it enact a joint

resolution, putting into effect

the proposed 25 per cent cut on

taxes now due though the Presi-

dent is not attempting to retaliate

for the manner in which the

House ignored his sug-

gestion. He merely is convinced

that in the present state of the

world, it would be quite useless

to attempt to secure united action

by the nations toward further

limitation of armaments.

President Coolidge is free to

admit that this government would

be glad to complete the work

undertaken by the world confer-

ence of 1921-22, a conference

which, while accomplishing much,

did not do all the things sug-

gested by this government. One

of the things left undone was

stated by the general committee

of the conference in February,

1922. In a resolution which it

cited that it was "of the opinion

that it is not at present practi-

cable to impose any effective li-

mitations upon the numbers or

characteristics of aircraft, either

commercial or military."

Inquirers on the subject at the

White House today were told that

perhaps an opportunity may arise

in the near future when the sug-

gestion may properly be offered

to the world, but there was a

trace of doubt in this answer.

What the President has in mind,

of course, is that if the powers

accept and make effective the new

plan for dealing with reparations,

advanced by the Dawes board of

advisers to the Reparations Com-

mission, Europe's preoccupation

with military charges everywhere, it

is apparent, however, that the

President is not ready now to base

any action or promises of action

on that eventuality.

CANNERY MERGING

MEETS OPPOSITION

PRODUCERS OF HIGH GRADE

GOODS REFUSE TO ENTER

AMALGAMATION

(EXCLUSIVE DISPATCH)

VANCOUVER (B. C.) March

25.—The scheme of amalgamation

for the canneries of British

Columbia, to come under one

management with one overhead

and one great marketing organ-

ization, is meeting with several

obstacles. For the last ten years

the industry has suffered many

reverses, and at various points

along the coast, as well as up dif-

ferent rivers, where there are huge

paintless and dilapidated build-

ings, some entirely dismantled

and others with rust machines,

that stand as monuments to the

once premier industry of the coast.

Even the plants that are oper-

ating are experiencing difficulty

in holding their own against the

encroachment of canned fish from

countries where labor problems

are unknown, and where cost of

production is about half that of

British Columbia.

Many of the packers are agreed

that an amalgamation is the only

solution to the difficulty, but there

are some who object to amalga-

minating and, as they say, reduce

the quality of their packs. These

firms have built up large markets

on a basis of quality and when

several of the canneries turned

out fish that the brokers refused

to accept because it was only par-

tially cooked, the firms with good

foreign reputations objected to

aligning themselves with com-

panies that are not raising the

standard of quality.

LUNCHEON IS TRIBUTE TO WILBUR

New Secretary to Meet

Naval, Committeemen at
Shortridge Behest

(EXCLUSIVE DISPATCH)

WASHINGTON, March 25.—

Secretary Wilbur, the new head of

the Navy Department, will be the

guest of honor at a luncheon given

in the Senate Naval committee

room at the Capitol Thursday at

1 o'clock. Senator Shortridge will

be the host. He has arranged the

luncheon so that the new Secre-

tary can come into actual and in-

imate contact with the Republi-

can and Democratic leaders who

will deal with the legislation of

the Navy Department.

Senator Shortridge in addition to

presenting the Secretary to his col-

leagues on the committee, has in-

vited the following members to be

present and get acquainted with

the second member of the pres-

ent Cabinet from California: Chair-

man Frederick Hale of Maine;

Henry Cabot Lodge, Massachusetts;

Senate floor leader of Republican

party; L. Heiser Ball, Delaware;

George Wharton Pepper, Pennsil-

vania; Thaddeus L. Odell, Nevada;

Leahorn B. Colt, Rhode Island;

O. E. Weller, Maryland; Claude A.

Swanson, Virginia; Peter G. Gerry,

Rhode Island; Park Trammell,

Florida; William H. King, Utah;

Edwin S. Broun, Louisiana;

Royal S. Copeland, New York;

Edward L. Edwards, New Jersey.

It will be the first opportunity

for Secretary Wilbur to meet the

members of the Senate Naval

Committee and is the beginning

of a number of social affairs and

dinners for Secretary and Mrs.

Wilbur which will initiate them

into Washington official circles.

LARGE SUM

TAKEN FROM

LONE GUARD

More Than \$150,000 Cash

is Stolen by Gunmen Near

Chicago

(EXCLUSIVE DISPATCH)

CHICAGO, March 25.—Cash to-

talling between \$150,000 and \$180,-

000 was snatched from William

Russell, 60 years of age, lone

guardian of the money at Harvey,

Ill., today by three gunmen who es-

caped toward Chicago in an auto-

mobile. The money, which was

shipped by the Federal Reserve

Bank of Chicago to meet the pay-

rolls of several manufacturing

concerns in Harvey, was all in bills

of small denomination and vir-

tually untraceable.

Police cordons were stretched

across the entire southern border

of Chicago within fifteen minutes

after the raiders swept down on

the loading platform of the Il-

linois Central Railroad at Harvey.

But although the trail of the rob-

bers was clearly marked by stolen

motorists and wrecked automobiles

it was evident this afternoon that

the trio had broken through the

line of pickets and had entered

the city. The search then shifted

to the southern side where some

silver squads toured ceaselessly in

search of a battered touring car

in which the gunmen had escaped.

HEATER**
AUTOMATIC

"Ever stop at a modern hotel? Of course you have. Travel stained and weary you entered your room. You opened the hot water faucet and splashed the steaming fluid over face and hands. Refreshed and invigorated you entered the dining room. Constant hot water is one luxury of modern hotels."

"But now you can have the same constant hot water service in your home. The Triangle Automatic Water Heater (residence size) scientifically applies the principles of the hotel system to your needs."

"Hot water constantly, full force from all faucets. No waiting for it to run hot. It is hot and waiting, stored for ready use. The Triangle is simple and economical. No gas burns without heating water. Your gas bill decreases. Your satisfaction increases."

Japan in Favor of American Offer "Never Made"

United States Denies That New Idea Advanced

Plans Said Not Yet Ready to be Made Topic

(BY CABLE AND ASSOCIATED PRESS)
TOKIO, March 25.—Navy Minister Kokuichi Murakami approves "in principle" American suggestions for further elimination of naval armaments including classes of warships not restricted by the Washington Armament Treaty, according to a high naval officer who is recognized as the Minister's spokesman. It was explained, however, the Minister felt Japan must hold to the fundamental principle of her naval policy, maintaining sufficient strength to defend the Empire against any possible hostile combination in Far Eastern waters. The pressing need for economy as a result of the earthquake, it was further pointed out, inclines Japan in favor of further limitations that will lighten her necessary defense burdens.

NO SUGGESTION MADE
(BY A. P. NIGHT WIRE)
WASHINGTON, March 25.—Authorized spokesmen of the State Department said today that no American "suggestion for further elimination of naval armaments" had been made to Japan beyond the action taken by the House of Representatives in the naval appropriation bill. In this measure, the House inserted a provision suggesting a further armaments conference, but their administration, which alone is responsible for the conduct of such negotiations, has indicated that it does not consider the time for such a step opportune.

It was emphatically stated that the Washington government had not recently, in any manner, made any suggestion to any foreign government regarding a proposal for further naval armament reductions.

NO DISCUSSION
The question has not been discussed even informally by Secretary Hughes with representatives of foreign governments in Washington nor has the subject been referred to by exchange of written correspondence between the Washington and other governments.

The State Department's explanation was supported at the White House by officials there in a position to speak for President Coolidge. The Washington government, it was said, has made no inquiries of other governments relative to a new armament conference.

There were some things on the agenda of the Washington armaments conference which the government desired taken up at that time, but which could not be considered. If there should come a time when opportunity is found to have these questions discussed between representatives of the various governments, President Coolidge will be glad to again present the matters passed over by the original conference.

**CARIBOO DISTRICT
GOLD HUNT BEGINS**

OLD FIELD WILL BE WORKED OVER ONCE MORE WITH MODERN METHODS

(EXCLUSIVE DISPATCH)
VANCOUVER (B. C.) March 25. British capital looking for an outlet has decided to finance a gold dredge to operate on the deserted sand banks of the Cariboo district.

The miners of '59 took only the big gold nuggets. In the sixties they panned for smaller stuff. Since that time Chinese have run four mile sluices and picked the gold out of the pockets, while others with less capital rocked cradles on the river banks and eagerly pocketed the flake gold that showed in the heavy black sands. Several dredges have been placed on the dumps of the Cariboo claims and cleaned up to some extent the remains of yellow metal, but it is still contended by mining men that there is large money to be had by dredging with certain machinery that will separate to some extent the gold from the dirt.

The new dredge is to cost \$75,000 and is expected to comb the sands with good results.

**AMERICAN DEAD STILL
UNLOCATED IN FRANCE**

ARMY OFFICER REPORTS BUT 1000 BODIES NOT YET ACCOUNTED FOR

(EXCLUSIVE DISPATCH)
NEW YORK, March 25.—More than 1000 American soldiers killed in France still are unlocated by workers of the graves registration service, it was declared yesterday by Maj. R. P. Harbold, who up until November 20, 1918, was in charge of the service overseas. He returned aboard the United States liner President Harding for transfer to Camp Meade, Md., after service in France since June 30, 1918.

During the last year more than 400 bodies of Americans were found in France, Maj. Harbold said, and he added that those still unlocated are not a large percentage, in view of the fact that 77,000 Americans fell in France. He said that American cemeteries overseas now have about 20,000 bodies of Americans, there are now five officers, twenty-five civilians and scores of laborers engaged in the work, he concluded.

**HELIUM GAS RESERVE
CREATED BY COOLIDGE**

(BY A. P. NIGHT WIRE)
WASHINGTON, March 25.—The country's first helium reserve comprising 7100 acres of gas-bearing lands in Emery county, Utah, has been created by President Coolidge on recommendation of Secretary Work. The gas is coming into use for lighter-than-air military craft.

MIDDLE WEST NEWS IN BRIEF

(EXCLUSIVE DISPATCH)

DETROIT, March 25.—By an additional gift of \$100,000 S. R. Krege has made possible an immediate start in the erection of a gymnasium building at Albion College, which will cost approximately \$175,000. Mr. Krege donated \$75,000 to the Michigan Educational Advance Fund but made no specification as to the use of the money. With the consent of the building committee he agreed to use this amount and another \$100,000 to erect the gymnasium. It will be named after his son and will be known as the Stanley R. Krege Gymnasium. Construction of the new building will begin May 1.

Mrs. Frederick E. Hill, wife of the vice-president and manager of the Hastings Table Company, is dead as a result of an illness contracted while on a tour to Europe last summer.

Captain John Sayers, 80 years of age, is dead at his home at Mason, a pioneer hardware merchant, and was a veteran of the Civil War.

MILWAUKEE, March 25.—Mrs. Lucy Seidel's divorce suit against Emil Seidel, former mayor, will be tried Thursday before Judge Oscar M. Fritz. The case will go by default, Mr. Seidel never having filed an answer to a wife's complaint. He now lives in the town of Fern, Florence county, where he is managing a farm.

The suit was started a few months ago. Mrs. Seidel charges her husband with cruelty, nonsupport and desertion.

Martha M. Adams, wife of E. W. Adams, former secretary of the Milwaukee road, died at Pasadena, Cal. The body is being brought to Milwaukee for burial. Mr. and Mrs. Adams lived at 2523 Grand avenue until several months ago, when Mr. Adams resigned as secretary of the railroad and they went to California to make their home in Hollywood.

William Davis, treasurer of the town of Plattville, has reported his collections complete, amounting to \$34,612. There was not a single delinquent taxpayer in the township in 1923, a remarkable record and is equaled by but few townships in the State.

DES MOINES, March 25.—A proposal that the Legislature enact at the extra session a law levying a 2-cent tax on each gallon of gasoline sold in the State for motor vehicle purposes has been placed before the Legislature in the form of a resolution adopted by the convention of the State County Supervisors' Association.

The supervisors declare the people all over the State are demanding a better road system and that the proper and equitable way of financing road building is by a gasoline tax.

John J. White, editor in chief of the Burlington Free Press, died at the age of 63. He had been ill for about six weeks. Mr. White, formerly of Iowa, became identified with the Hawkeyes in 1867 and with the exception of three years has been continuously with that newspaper.

OMAHA, March 25.—A severe storm is prevailing in Northwest Nebraska, according to reports received at Burlington at Lincoln, headquarters at Lincoln. With a heavy fall of snow and a high wind the storm took on the proportions of a blizzard, the report said, but the temperature remained high.

Frank Southworth, 74 years of age, York county pioneer and stockholder of the City National Bank since its organization, died suddenly at his home there. He was also vice-president of the bank.

Mr. Southworth came to York county in 1811 and took a home stead near York. He is survived by his wife and three children.

Plans for landscaping the trace of ground purchased by the city of Columbus for a municipal park are being made by the City Council. The grounds, which lie south-west of the city in the Loop River bottoms, will be used for public playgrounds, drives, lawns and beaches.

KANSAS CITY, March 25.—The Newton bill to appropriate \$72,000,000 for inland waterways improvements will be reported favorably by the Rivers and Harbors Committee of the House, according to a telegram received by the Chamber of Commerce from J. H. Tedrow, committee chairman.

Mr. Tedrow, A. W. Mackie, E. M. Clendinning and W. R. Scott are representing Kansas City at the hearings. The bill would provide \$20,000,000 for improvements on the Missouri River.

The Santa Fe Trail through Finney county, Kansas, has been opened for travel after fifty men had worked all last week removing snow drifts from the pavement.

The Farmers' National Bank of Parsons, Kan., closed its doors. The statement: "No statement has been issued so far by the examiners. It was the youngest bank in the city and was capitalized at \$100,000. W. F. Lay was president and Paul Cornelius, cashier. Most of its stockholders and depositors were farmers. It is the second national bank to fail in the State in nine years.

Plans for the Rock Island Railroad for a new division point at Guymon, Okla., and removal of roundhouse and equipment from two present division points at Liberal, Kan., and Dalt. Tex. to Guymon became known yesterday at Wichita.

ST. LOUIS, March 25.—A body of armed men, 100 strong, who call themselves members department of constabulary, but most of whom are members of the Ku Klux Klan, have organized in East St. Louis to do police work. They say they are organized under a law enacted in 1887 which provided for the appointment of all law violators, particularly horse thieves. The movement is said to be similar to the Illinois Citizens' Club.

Enos Clarke, prominent St. Louis attorney during the Civil War and one of the "seventy radical union men from Missouri" who visited President Lincoln in the fall of 1862, died at his home at St. Louis, Mo., last night, from old age. He was 89 years old.

Col. John A. Ockerson, 75 years of age, member of the Mississippi River Commission, died at his

Science Discovers Why

VOLCANIC ACID WATER

Relieving Thousands of Stomach, Gas, Indigestion, High Blood Pressure and Rheumatism

Teaches that when the stomach fails to secrete the acid for perfect digestion, unnatural fermentation takes place and forms what is commonly termed acid gas. If you take only temporary relief from soda and other alkalis, Cose Water will supply the necessary acid, making a pleasure, will arouse your liver and kidneys and remove the principal cause of disease. Remember that the health of an individual or a great city depends on the acid system. In other words, the pipes of the human body must be kept open so that the poisonous waste is carried off, the mass health and life, while stagnation spells death. If you have failed elsewhere try the first Cose Water absolutely at our risk. Call at our Hill Springs. Price of Cose Water, \$1.25 per bottle, or \$10.00 for case of 16 bottles, \$16.00.

DEATH OF AGED TRIO Baffles

Bodies of Blind Brothers and Sister Found by Boy

Starvation Seen as Possible Key to Mystery

Rat-Infested Home Fails to Yield Any Clues

(SPECIAL DISPATCH)
CHICAGO, March 25.—An absorbing mystery was presented to the police for solution last night when two aged brothers and their sister, all almost or more than 70 years of age, were found dead on the floor of their rat-infested home. They apparently had been dead for a week or ten days.

The brothers, Andre and Theodore Klosser, 70 and 72, respectively, had been blind from birth. Their sister, Annie Klosser, 65, had given her entire life to their care. The elder brother and sister were found on a dirty bed, while the other brother was sprawled out on the floor near by.

A boy, thinking the house deserted, had entered it in search of plumbing materials he hoped to sell, but what he saw sent him in haste to the nearest policeman.

The cause of death was not determined, but police officials believe it was due to malnutrition and exposure, as most of the windows in the house were broken. Dirt and vermin were rampant everywhere. Large piles of rubbish, furniture, newspapers and magazines of a long-gone age were piled everywhere.

The coroner believes there is something back of the three deaths other than starvation, as there was food in the house.

The three had lived in the house more than fifty years. Their father died fourteen years ago, and a sister and niece died two years ago, since which time neither of the men had ever been seen to leave the house or appear at any of the windows. They owned considerable valuable real estate in the district and had a comfortable account in one or more banks.

WOBBLY CONVICTIONS UPHELD ON APPEALS

FIVE CONFESSED ON WITNESS STAND TO BELONGING TO ORDER

(BY A. P. NIGHT WIRE)
SACRAMENTO, March 25.—The conviction under provisions of the California criminal syndicalism law of five men who confessed that they were members of the Industrial Workers of the World while testifying as witnesses in another case before the Superior Court of Sacramento county about a year ago, was upheld by the Third District Court of Appeal in a decision handed down here today.

The defendants, in appealing the case, claimed they had come to Sacramento from Alameda and Los Angeles county under compulsion, having been summoned as witnesses in the case of H. B. Steward and others, and that the county of Sacramento therefore was without jurisdiction.

The five Industrial Workers of the World involved in the case are: B. Johnson, A. G. Ross, J. M. Kelly, R. Woods, Cris Pederson and Albin Bratland. Woods said he resided in Alameda county, while the other four gave Los Angeles as their home.

BORAH INSISTENT IN RECLAMATION BILLS

DEMANDS QUICK RELIEF MEASURES FOR WESTERN PROJECTS

(BY A. P. NIGHT WIRE)
WASHINGTON, March 25.—The demand for immediate relief legislation affecting western reclamation projects was renewed in the Senate today by Senator Borah, Republican, Idaho. He said the situation in many of the projects is so serious that it is "impossible" to await recommendations of the Interior Department Fact Finding Commission as advocated by Secretary Work.

Passage of the pending bill extending payments by settlers over a period of forty years was asked for by the Idaho Senator, who said it should be supplemented by a two or three-year moratorium on all payments.

The departmental commission, Senator Borah said, might not have its report ready until May 10, or even later.

Senator Pittman, Democrat, Nevada, endorsed the statement that an emergency existed and Senator McNary, Republican, Oregon, suggested material relief would be had through "charging off" excess construction charges against all Federal projects, which he said, would be recommended after the commission completes its work.

ANTI-SALOON LEAGUE STATUS TO BE SOUGHT

STATE WANTS TO KNOW IF ORGANIZATION IS POLITICAL OR CHARITABLE

(BY A. P. NIGHT WIRE)
SACRAMENTO, March 25.—The State inheritance tax department is preparing to take steps to determine whether the Anti-Saloon League of Northern California should be legally classified as a charitable or a political organization. It was announced today by Ralph W. Smith, inheritance tax attorney. Smith said he planned to decide the question in appraising the estate of the late Volney Taylor, farmer of Byron, Contra Costa county, for inheritance tax purposes. Taylor bequeathed \$10,000 to the Anti-Saloon League, and Smith stated he is preparing to collect an inheritance tax on the bequest on the ground that the league is a political organization.

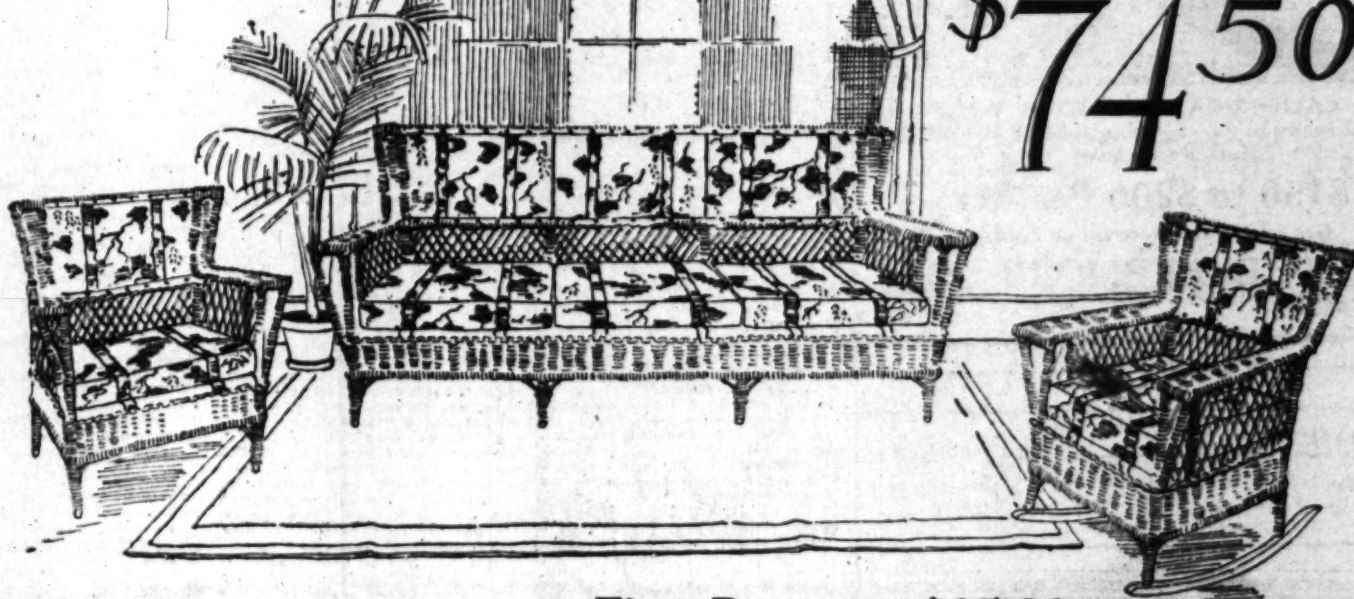

GEN. KIRKPATRICK DIES

(BY A. P. NIGHT WIRE)
DALLAS (Tex.) March 25.—Lieut. Gen. W. Kirkpatrick, departmental commander of States west of the Mississippi of the United Confederate Veterans, died of pneumonia last night at Kincon, N. M., according to advices received here today.

DROWNING MAY HAVE FOLLOWED DRY RAID

(BY A. P. NIGHT WIRE)
OAKLAND, March 25.—A sensational liquor raid in which one smuggler may have been drowned was conducted by Federal prohibition officers and police on the bay water front at 4 a. m. today. Three men were arrested and 252 cases of whisky were seized. The men were loading the liquor onto a pier from a motorship when the officers swooped down on them. A motor truck was standing near by. One of the smugglers leaped into

**PORT OIL DEALS
HEARD BY JURY**

Harbor Inquiry Body Looks Into Holdings

Doheny Attorneys Among Witnesses

Transactions Asserted to be Above Board

Oil company leases and industrial holdings at Los Angeles Harbor kept the grand jury busy all day yesterday in the harbor investigation, which has been under way in that body for the past three weeks. Five witnesses were called by Dist. Atty. Keyes, who personally presented the case to the grand jury, assisted by Dep. Dist. Atty. Shelley.

According to an announcement made by Mr. Keyes, following the afternoon session, Guy Wade, former secretary of the Harbor Commission, Charles Wellborn, Olin Wellborn, attorneys for the Doheny interests; J. C. Anderson of the Pan-American Petroleum Company, and L. E. Hanchett were the witnesses heard yesterday.

From Mr. Wade the jury heard of various harbor lease deals in which valuable leases were granted to a number of oil companies just before new rules were put into effect by the Harbor Commission, and only a short time after the former president of the board, Edgar McKee, returned from a trip

to Honolulu on Mr. Doheny's private yacht.

DEFEND DEALINGS

Charles and Olin Wellborn, together with Mr. Anderson, are said to have been questioned regarding the Pan-American Petroleum Company holdings at Pier 1, and also in the West Basin of the Los Angeles Harbor. They told the jury, according to information secured later, that all of the dealings of the Pan-American Company with the Harbor Commission were above board and open to inspection. Mr. Anderson, according to information secured after the grand jury session, stated that he had invited Mr. McKee to make the Honolulu trip on the Doheny yacht, and that McKee had not been discussed during the entire trip.

NEW WITNESSES

New witnesses and some of those already heard will be called before the grand jury next Thursday morning, when the harbor investigation will be continued. According to Mr. Keyes, a large number of witnesses yet remain to be heard and the investigation may not be closed for more than a month. He stated yesterday that the investigation was being conducted along lines planned by himself and Mr. Shelley and that a great amount of testimony had already been placed before the grand jury and he thinks that before we are through a lot of interesting matter will be in the hands of the jury. We have a great many more wit-

nesses to call and a large mass of evidence to present. This is slow work and it will be some time before we will be able to close up the entire investigation. I believe that by the time we are through with this investigation the entire harbor mess will be well cleaned up."

**BANDITS IN MACHINE
ROB THREE PLACES**

Two bandits operating in an automobile were credited by the police with holding up three oil stations in the University district last night. W. M. Poy, in charge of a station at 1923 West Slauson, was locked in while the two made an escape with \$52. Later they entered a station at 6000 South Vermont and took \$50 from A. J. Weston. H. M. McCullum, in charge of the Shell Oil station at Fifty-ninth Place and Redondo Boulevard, was robbed of \$30.

**J. L. POWELL FUNERAL
IS SET FOR SATURDAY**

The funeral for James L. Powell, 71 years of age, motorist, actor, who died Sunday as a result of pneumonia poisoning, will be conducted Saturday at 10 a.m. from the Rippe Mortuary, 842 South Figueroa street. It was previously announced that the funeral would be Thursday morning but this later was changed. The deceased came to Los Angeles from Springfield, Ill., five years ago. He is survived by two sons and a daughter, who live in the East.

**NEW INDUSTRIAL
UNIT OUTLINED**

Manufacturing District Will Spend \$5,000,000

H. E. Poronto Says East Looks to Los Angeles

Comes Here to Negotiate for More Needed Space

Expansion and development of the central manufacturing district of Los Angeles, taking in a new unit and involving an expenditure of \$5,000,000 this year, was announced yesterday by H. E. Poronto upon his arrival from Chicago. Mr. Poronto is president of both the Los Angeles and Chicago central manufacturing districts. The Los Angeles district has 200 acres of industrial property on Downey Boulevard adjacent to the stockyards, with railroad facilities and a huge warehouse terminal to serve manufacturing plants nearing completion. The new unit to the Terminal Building, providing for 200,000 more feet of floor space, is required by the rapid growth of the district, according to Mr. Poronto. He is here for negotiations in this particular. The present unit calls for an outlay of \$1,250,000 and the new unit, together with improvements, will require a total of \$5,000,000, he said. The Central Manufacturing District of Los Angeles is being brought to the attention of manufacturers by a special corps of men in Chicago, New York and Boston. "Los Angeles' remarkable growth is making this city a magnet to eastern manufacturers," Mr. Poronto declared. "Some of the foremost lines we have found promising for Los Angeles include textiles, tires, furniture and glass. We have employed Anderson Pace, a research expert, to make a study of conditions here in order that this information may be available to manufacturers in the Middle West and East, who are interested in the opportunities offered by this region."

**NIETOS VALLEY
CHAMBERS JOIN**

Organizations of the Los Nietos Valley Associated Chambers of Commerce was effected last night at a meeting at Downey attended by more than 200 citizens of Downey, Norwalk, Artesia, Bellflower and Hynes-Clearwater. It came as a culmination of a movement started two years ago to bring together the chambers of the valley in a centralized body to work for the good of the whole. The organization was sponsored by the Downey chamber, with the assistance of the Norwalk chamber. The meeting included a banquet and a musical program. It was conducted in the Masonic Temple.

Temporary officers named are: President, E. L. Shacklett, president of the Norwalk chamber, and secretary, J. R. Hunt, secretary of the same body. The executive committee consists of the presidents of each of the organizations co-operating in the organization as follows: W. O. Benstead, Downey; Mr. Shacklett, Norwalk; J. H. Nieves, Artesia; A. T. Ezell, Bellflower; and Rev. H. Logan, Hynes-Clearwater. This committee will complete the organization and will draw up a constitution for the new body.

Speakers, who stressed the wisdom of the valley chambers in joining in a common body were: George Mellinger, secretary of the Compton chamber; R. B. Kennedy, president of the San Gabriel Valley Associated Chambers of Commerce; Mrs. Shacklett; Leslie R. Saunders, secretary of the Eastside Organization, Los Angeles; and Francis Bates, engineer of the same organization. The meeting was presided over by President Benstead of the Downey body. The banquet was served by the women of Occident Chapter Order of Eastern Star, Downey. Music was furnished by the Downey High School orchestra. Other musical entertainment was given by singers of Downey. The details of the temporary organization were planned by a committee consisting of A. B. Friedman, Downey; J. R. Hunt, Norwalk; R. J. Farsonson, Bellflower and Edward Corcoran, Artesia.

**MANN CASE
MAY TRAIL
STABBING**

Sister of Cutting Victim One of Principals in Arrest of Local Cook

Frederick Hall, 41 years of age, a cook, was lodged in the City Jail last night on suspicion of Mann Act violation. Fred Rena Bailey, 19, was held as a material witness when police say she admitted having been brought here from New York by Hall. Miss Bailey is a sister of Eula Man Bailey Teeples, who is in a dangerous condition as the result of stab wounds received last night. Police are searching for her husband, Clayton S. Teeples, 344 East Fifth street, in connection with the stabbing. It was while Lieutenant Detective Oker and Stevens were investigating the stabbing case at the East Fifth street address that they inquired into the affairs of Hall and Miss Bailey. The arrests followed a close questioning of the man and girl.

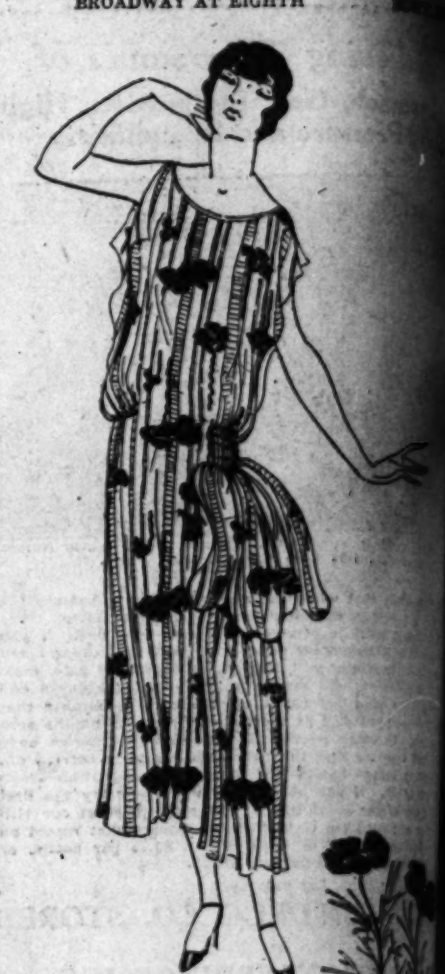

Police Surgeon A. E. Saverien is now eligible to compete for the new surgical society. Read on. Patrolman Samuel Hall, while driving out Wilshire Boulevard to Highland avenue on a hold-up call last night, was thrown against the windshield of his automobile by a hub cap impact with another machine. One of his eyelids was severed, hanging only by a shred. Dr. Saverien sewed the eyelid at the Receiving Hospital and his fellow surgeons agreed that the injury would never show.

METROPOLITAN LIFE INSURANCE COMPANY—NEW YORK

Biggest in the World, More Assets, More Policyholders, More Insurance in force, More new Insurance each year

A MUTUAL COMPANY—INCORPORATED BY THE STATE OF NEW YORK

One person in every six in the United States and Canada is a holder of a Metropolitan policy—one of the safest forms of investment.

In 1923 the Metropolitan grew faster than any other life insurance company in the world; grew in income—in assets—and in the effectiveness of its campaign for better health for the whole country.

The Metropolitan sends trained nurses to the homes of thousands of Industrial (i. e. weekly premium) policyholders when they are sick. In 1923 these nurses made 2,482,919 visits.

While the average life span in the general population of the United States is 5½ years greater than it was 11 years ago, the life span of the Industrial policyholders of the Metropolitan increased nearly 8½ years in the same interval. This greater gain has resulted in large part from the Metropolitan's Health Service.

During 1923 the Metropolitan distributed 33,790,840 booklets and pamphlets dealing with health, general welfare and longer life. The total number of pieces distributed to date amounts to 305,990,507.

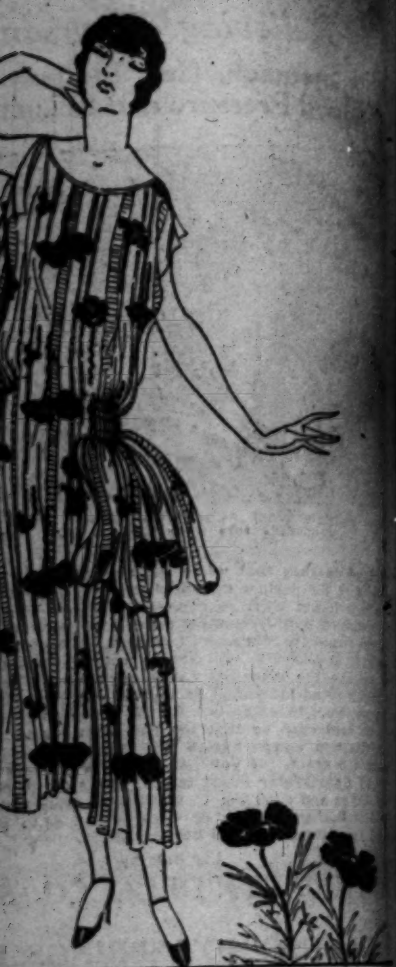

The Metropolitan arranges for free periodic health examinations for holders of Ordinary policies. Among those who availed themselves of this privilege, the death rate was found to be 28% lower than was expected for the group.

The Metropolitan cooperates with the companies to which it has issued group insurance for their employees—cooperates not only in giving insurance protection but also to promote better health, better working conditions, better living conditions and happier social conditions.

Life insurance, which cares for the home and family, is born of a deep sense of responsibility. When millions of people join in a mutual sharing of this responsibility the result is the splendid picture shown in the 1923 report of the Metropolitan Life Insurance Company. Never before has the world seen such a Business Statement nor had such an opportunity to look into the hearts of men and women, and to find there—Kindness.

A House You'll Be Proud To Call "Home"
—Built with Brick

COMPLETE building plans for this attractive brick home, and for more than 50 others, are now ready for the prospective home-owner at \$10 the set for one-story houses and \$15 for two-story—a saving of many dollars in securing satisfactory plans.

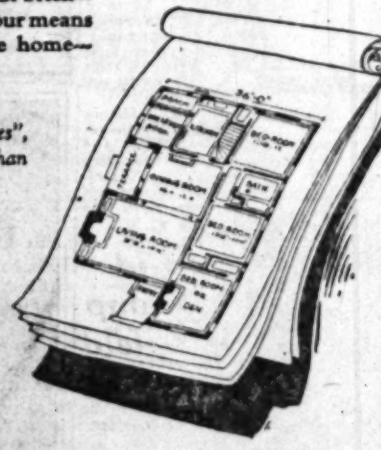

There is no economy in flimsy construction. Brick alone is the real test of economy and the years are not kind to badly built houses. The cheaply built house is expensive to keep up and repair, expensive to heat and expensive to insure. If you're going to build—build well. You'll be money ahead long before your home is paid for.

Before you build, let us give you the facts about brick—let us show you how you can build within your means and still have a substantial, permanent, safe home—a home of comfort and beauty.

Send 50 cents for "Distinctive Brick Houses", containing photos and descriptions of more than 50 beautiful California brick homes.

SEES PHILIPPINE SUGAR IN BOOM

Production Cheaper Than in Hawaii, is Claim

Crop Matures Sooner, Labor is Less Costly

Output Equal to That of Cuba Forecast

(BY CABLE-EXCLUSIVE DISPATCH)
HONOLULU, March 25.—Plants of the Honolulu Iron Works and Cannon, Neill & Co., in Honolulu and Manila, consolidated about a year ago, are busy filling orders for sugar machinery and other plantation equipment for Hawaii, the Philippines and other sugar-producing regions, according to W. G. Hall, general manager. He has just returned from a stay of several months in the Philippines, where he studied industrial and business conditions.

"While conditions in a business way are not greatly improved, the general feeling is better, and the outlook for better prospects will in time create better business," Mr. Hall said. The people there are optimistic, and the psychological effect of their optimism is bound to tend toward improving business.

PRODUCE SUGAR CHEAPLY

"Sugar has a great future in the Philippines. It can be produced there more cheaply and more easily than in Hawaii. Labor costs less, the crop matures in twelve months, and larger areas are available for planting. In time the Philippine Islands will produce as much sugar as Cuba—at any rate the possibilities are there."

Pineapples also are being developed there, and a representative of a Hawaiian pineapple company now is on the ground attempting to obtain a large enough tract of land to make the experiment with a view to possible extensive development.

"Development by large companies is discouraged by a provision in the law which forbids the ownership of more than 1000 acres of land by any individual or company operating as an individual. However, the provision will work toward the permanent good of the islands, for it will tend to land up into small holdings, and will make home ownership the general plan of land distribution. The Filipino people believe in owning their land themselves."

"Extensive development of the islands through the investment of outside capital will not be possible until definite guarantee is made that the United States will either retain their protectorate for the next generation, or until some partly permanent plan of adjustment has been made."

PHILIPINOS GOOD WORKERS

Honolulu capital invested in sugar in the Philippines is well invested, Hall said. Plantations there are doing fine, he said, and gradually are introducing modern machinery for use in harvesting and taking care of the fields.

A compliment to the energy, faithfulness, ability and trustworthiness of the Filipinos was paid by Mr. Hall. He said that the ability of the race was probably generally underestimated, and that Filipinos are good students and good workers. All of the help employed in the consolidated plants of the Honolulu Iron Works and the Cannon, Neill & Co. plant at Manila is done by Filipinos, and their work is very good, Hall said.

PRIVATE DRIVE FOR GERMANS TO GO ON

CONGRESS APPROPRIATION NOT TO HALT WORK OF COMMITTEE

(EXCLUSIVE DISPATCH)
NEW YORK, March 25.—Solicitation of private contributions for relief of starving German children will not be halted by government appropriation of \$10,000,000 which will be effected if the Senate confirms the relief bill which was passed by the House of Representatives yesterday. The government contribution will merely supplement and not replace private charity in this work. It is stated by C. Perry Burgess, national campaign director of the American Committee for Relief of German Children under Maj. Gen. Henry T. Allen, committee chairman.

"Statements on the floor of the House yesterday were that \$10,000,000 appropriation will not by any means meet the need," declared Burgess. "It is necessary for the private charity appeal to continue unabated. Ten million dollars only means 50 cents apiece for the 20,000,000 people who are actually starving in Germany."

Make your dreams come true!
Buy \$1000.00 Cash on Easy Payments

LET'S be frank about it. Saving money in the ordinary way, without definite aim or system, is a hard task. Few indeed are really successful at it.

Why? Simply because the average man lets false pride stand in the way of making small, regular deposits. He waits until he can conveniently spare a large amount and that day does not come.

The Hellman Bank has found the remedy for all this in its "Buy \$1000.00 cash on easy payments" plan, which literally makes the average person save money. He does not merely start to save. He keeps on, for the path to the longed-for \$1000.00 cash leads straight and true.

A weekly payment of only \$4.43 will buy the thousand dollars for you. Tear out and mail the "bag of gold" for full details or call in the nearest Hellman Bank office.

\$1000.00

SUN STARVATION STRIKES LONDON

Influence Epidemic Blamed on Lack of Light

One Hour Each Day Average for Winter Season

Hospitals Use Rays as Cure for Afflicted Ones

(BY CAMEL-EXCLUSIVE DISPATCH)
LONDON, March 25.—London's epidemic of colds, coughs and influenza continues, while the winter, one of the most severe on record, shows little sign of abatement, even though the calendar indicates winter is over.

Commenting on the extremely unhealthy season hereabouts, a Harley street specialist attributes the prevalence of influenza largely to lack of sunlight—"sunlight starvation," he calls it.

"Since the first day of December," says this doctor, "London has enjoyed only eighty-seven hours of sunshine. That is an official figure issued by the Registrar-General. It works out at about one hour of sunshine per day. And what applies to London, applies, roughly, to other places in

Britain during the winter months.

EFFECT OF SUNLIGHT

"In other words, we have all been suffering from acute sunlight starvation. Were spring not here we should starve in real earnest. This very real and very distressing complaint is now being investigated by some of the cleverest doctors in the country. Already they seem to think that the effect of sunlight is far greater than the man in the street suspects. It is of two kinds, bodily and mental. The mental effect we know to some extent. Dwellers in the dark tend to be dull people. "In February and March, for example, the average man or woman is much less cheerful than in November. A kind of wave of depression sweeps over the land. In years when there is no influenza whatever the wave of depression arrives just the same. The true cause of it is 'light hunger.' This can actually be proved because now we possess as one of our new ways of healing, 'light baths,' which are quite a good imitation of the sun.

DARKNESS TO LIGHT

That is the secret of the splendid efforts often seen when delicate men or women go to the Riviera in the spring. They go from darkness to light. And the light heals and restores them. So true is this indeed that it might be a paying proposition to send delicate children to Switzerland or the South of France every winter. We should be able to close a great many homes for incurables, the deformed and the unfit if we adopted that course.

"Falling migration, however, we

can make the sunshine at home to some extent. Every great hospital is now installing artificial sunlight. What is more, this form of light is actually being used to a small extent in ordinary buildings for the purposes of illumination.

"The effects of 'light hunger' on the body are so strange that, although a great deal has been said about them lately, very few people have any understanding of the truth. Sunlight, astonishing as this may seem, is a form of food. One of the ordinary foods which most closely correspond to it is good cream. That is to say, that if we live in the dark and have plenty of cream we shall suffer very little. Whereas, if we do not add cream or some other natural fat to our food in winter we shall suffer very much."

ARIZONA STORMS

PROVE HELPFUL

(EXCLUSIVE DISPATCH)

PHOENIX, March 25.—Late storms, covering the greater part of the Southwest, have done much good to the cattle and sheep growers, for there had been little precipitation since the first of the year. From four to eight inches of snowfall was reported from around Prescott, Williams, Flagstaff, Pinal, Globe, Tucson and Bisbee. A fall of two feet was reported in the Sierra Ancha Mountains, above Roosevelt, with at least a foot in the Pinal Mountains. In the White Mountains followed a warm rain, serving to melt the snow and contributing to the filling of the Roosevelt reservoir.

WOMAN IS SHOT; MAN KILLS SELF

"Noise Crank" Takes Own Life After Firing Bullet at Neighbor

(EXCLUSIVE DISPATCH)

CHICAGO, March 25.—A mother of four children was shot and probably mortally wounded today by a "noise crank" who subsequently killed himself in terror at his deed.

The woman is Mrs. Bertha Kirkly, 39 years of age, an occupant of a flat above that of her assailant, Richard Tannhauser, 65, at 648 West Twenty-ninth street.

Tannhauser is in a morgue. Mrs. Kirkly is fighting for her life at the Michael Reese Hospital, a bullet through her back.

The shooting—the result of a bitter feud between the two families, having its origin in the "crank's" dislike for children, occurred at the breakfast hour this morning in the hallway of the flat building.

Since a week ago, when he was arraigned in court on complaint of Mrs. Kirkly and placed under peace bonds, Tannhauser had brooded over his dislike for the family upstairs.

He met Mrs. Kirkly as she came into the hallway, her arms loaded with food for her children.

She entered the doorway. Tannhauser was behind the door. He waited until she had passed him and then fired one shot into her back. She sank to the hall floor, apparently dead.

A moment later Tannhauser sent a bullet through his own brain.

Mexican Cotton in Coahuila is Promising Well

(EXCLUSIVE DISPATCH)

MEXICO CITY, March 25.—According to information from San Pedro, Capital of the Mexican State of Coahuila, and center of the cotton industry of the Republic, no less than 200 lots, or 120,000 hectares, of cotton land, irrigated from the river Nueces, has been fully planted with cotton. The first so planted are already showing good results, and thousands of the later planted seeds are in excellent flower.

It is anticipated that the year will be one of the best on record, and experts predict a crop of 200,000 bales, which will not only be sufficient to ensure that Mexico will not have to import for her necessities, but will leave an exportable surplus.

No less than 7000 tons of seed have been sown in the Republic in land cotton cultivation, and the value of the coming crop is calculated will be about 75,000,000 pesos.

CAPTAIN AND MATES REFUSE TO BE SAVED

THREE STANDING ON BRIDGE OF SHIP AS VESSEL WENT DOWN OFF MATTERAS

(EXCLUSIVE DISPATCH)

NEW YORK, March 25.—The captain and two other officers, who were lost when the Atlantic fruit freighter Glyndon sank sixty miles off Cape Hatteras last Saturday refused to be saved, preferring to go down with the ship, according to information received here today. The remaining twenty-four members of the crew were rescued by the steamer Cannon of the same line, when the Glyndon sank in a terrific storm.

Capt. J. E. Nielsen of New York, K. F. Martinson, second officer, of Staten Island, and E. Ellingsen, third officer, were together on the bridge when the Glyndon went down.

The Glyndon was due in this port today. She was a 2700-ton vessel and carried a 32,000-ton cargo of sugar. She left Tanamo, Cuba, March 18. Most of the crew were Spanish.

The Cannon is bound for Cuba and will land the rescued men here when she returns next month.

TEN-YEAR SENTENCE FOR COUNTERFEITER

(BY A. P. NIGHT WIRE)

CHICAGO, March 25.—Ramon Cruz, who dreamed of making a fortune by counterfeiting and who eloped with a motion-picture actress of Hollywood, Cal., according to secret service agents, pleaded guilty today, and was sentenced to serve ten years in the Alcatraz penitentiary, the same Federal prison from which he escaped a few years ago. The sentence, Federal Judge Carpenter ordered, will begin to run after expiration of a ten-year sentence imposed in New York in 1918 for a similar offense and of which he had served only three years when he escaped.

ROOMER PAYS GALLON FORTNIGHTLY AS RENT

DETROIT, March 25.—Peter Cherry, 25 years of age, told Judge Tuttle in Federal Court that for several months he had paid his room rent by giving his landlord each fortnight a gallon of moonshine whisky of his own manufacture. Cherry's story followed a plea of guilty to violating the prohibition law. He was sentenced to serve six months in the House of Correction.

INVESTIGATES CHARGE

(EXCLUSIVE DISPATCH)

VANCOUVER (B. C.), March 25.—R. S. M. Temple, prominent lawyer of Winnipeg, is here to investigate charges that Canadian government merchant marine boats are carrying liquor not on the manifests to California ports. The accusations include statements that the agents of the Canadian government boats in California are bootleggers for this whisky.

SAN DIEGO PIER FAVORED

(BY A. P. NIGHT WIRE)

WASHINGTON, March 25.—The House Naval Committee today favorably reported the Swing bill providing for construction of a \$1,910,000 pier at the San Diego naval base.

Clearing the Atmosphere

Balancing the Books

LET US examine the balance sheet that compares the "benefits" of unregulated political monopoly in public utilities with the conditions that prevail under corporate operation and Railroad Commission regulation.

The Account with Regulation

The Los Angeles Water Bureau, an unregulated political monopoly	Los Angeles Gas and Electric Corporation, under Railroad Commission regulation
charges for water, per 1000 cubic feet	charges for gas, per 1000 cubic feet
\$1.00	\$0.68
which compared with the rate in 1910, is a 43% Increase	which compared with the rate in 1910, is a 15% Decrease
charges for street mains fronting a 50-foot lot	charges for street mains fronting a 50-foot lot
\$40.00	Nothing
charges for smallest service pipe and meter only to the curb	charges for any size service pipe and meter to house, if within 50 feet of property line
\$15.00	Nothing

YET, in the face of this showing, the Board of Public Service Commissioners, which manages the Water Bureau, is striving by force to take the electric system of Los Angeles Gas and Electric Corporation from its present management under Railroad Commission regulation and use it to build up under the management of the Public Service Commissioners an unregulated political monopoly in electric service.

The Account with Competition

The Los Angeles Water Bureau, an unregulated monopoly under the management of the Board of Public Service Commissioners	The Los Angeles Bureau of Power and Light, under the same unregulated management, but with competition—not a monopoly
charges for water meter and service to curb as noted above	makes no charge for electric meter and service to the house, because of competition
charges tenants a minimum deposit for water service of \$3.00	because of competition, for electric service charges Nothing

THE Board of Public Service Commissioners is trying to kill competition in electric service by forcibly absorbing its only remaining competitor, the electric system of Los Angeles Gas and Electric Corporation.

The Account with Taxation

For the Fiscal Year 1923	For the Year 1923
The municipally-owned water system, which itself pays no taxes, took from the tax levy for bond purposes	Los Angeles Gas and Electric Corporation paid in taxes
\$1,146,510.00	\$1,198,798.74
To date the Bureau of Power and Light has cost the people in taxes	while the electric system of Los Angeles Gas and Electric Corporation is a "tub that stands on its own bottom."
\$6,222,000.83	

THE Board of Public Service Commissioners and their political backers are making every effort to force the electric system of Los Angeles Gas and Electric Corporation out of the tax-paying column and into the list of enterprises which are financed by bond issues, which are in turn guaranteed by a mortgage on the homes and property in Los Angeles and by the tax-collector.

TO TELEPHONE SUBSCRIBERS IN LOS ANGELES—

Our expansion plan in Los Angeles this year incorporates a simplified method of operation to become effective SUNDAY, March 30th, by which users of machine switching telephones will dial direct any other telephone in this exchange.

The following new central office names as well as those now in use will appear in the red-covered directory with the first two letters of each name capitalized. The first two numerals of machine switching telephone numbers of the series listed below are replaced by the first two letters of the office name indicated:

New Central Office Names	First Two Numerals Replaced
AT lantic	28
AX ridge	29
EL iot	35
EM pire	36
HE mpstead	43
GR anite	47
VA ndike	82
TH ornwal	84
TR inity	87
TU cker	88

In the interest of good telephone service to the individual and the public generally, where telephone numbers are included in advertising and other printed matter the first two letters of the office name should be capitalized as shown in the red covered directory, and as indicated above.

We invite your continued co-operation and earnest endeavor to make these important changes fully effective where printing of the telephone number instead of the phrase "telephone connection" is deemed essential.

Any advice or assistance in this connection will be readily available at our BUSINESS OFFICE, 740 SOUTH OLIVE STREET.

BANK DOUBLES CAPITALIZATION

New Citizens Stock Has Been Fully Absorbed

Total Resources Now Exceed Ninety-five Million

Bay City Bonds in Demand; Business News

Complete absorption of the new

stock recently authorized by the

stockholders of the Citizens' Na-

tional Bank was announced yester-

day by J. Dabney Day, president

of the Citizens' National

Bank, the Citizens' Trust and Sav-

ings Bank and the Citizens' Na-

tional Company, the two latter of

which are controlled by the stock-

holders of the national bank. The

new stock is the result of the ex-

pansion in the capital structure

effective April 4 by which the cap-

ital of the Citizens' National Bank

is increased from \$2,000,000 to

\$4,000,000 and the Citizens' Trust

and Savings from \$1,000,000 to

\$2,000,000.

Yesterday was the last day on

which the payments on the new

stock subscriptions could be made,

and immediately upon the an-

ouncement by Mr. Day that the

\$8,000 shares were fully subscribed

and paid for, the new stock was

traded in on the floor of the Los

Angeles Stock Exchange at \$20

bid and \$210 asked. Quotations

before the decision to expand the

capital have been around \$100

share, but through the issuance of

a 50 per cent stock dividend and

the sale of 8,000 shares, the value

of the stock is automatically

reduced to the point where the

market price, near \$20, around \$100

share, however, maintain no loss

since they have been present-

ed with more shares in the form

of the stock dividend.

The capital increase, according

to Mr. Day's statement, was neces-

sitated by the growth in the busi-

ness of the two banks, and a de-

sire to distribute the stock own-

ership more widely among the

subscribers, with employees subscrib-

ing for a substantial block under

special arrangements permitted by

the officers.

After giving effect to the in-

crease, the two banks will have a

joint capitalization, including sur-

plus and undivided profits, of ap-

proximately \$9,000,000. Total re-

sources will be in excess of \$95,

000,000. The Citizens' National

with its capital of \$4,000,000, will

have the largest capitalization of

any of the national banks in the

city.

About May 1, the Citizens' Na-

tional will announce the formal

opening of its enlarged banking

quarters. Work now in progress

will give the bank over 60 per cent

additional floor and basement

space, the main floor being ex-

posed to afford a space 100 by 150

feet. The Citizens' National Com-

pany, which was recently organ-

ized with a capitalization of \$1,000,

000 to continue the business of the

bond department of the bank, will

maintain operations in its present

quarters on the second floor of the

Citizens' National Bank Building.

(Continued from First Page)

and such carcasses are wrapped in cheese cloth and buried.

(16.) Animals dead from natural causes (other than foot and mouth disease) in close quarantined areas may be removed by special permit.

(17.) Hides, horns, pelts, wool and skins of domestic animals may be moved from the place of slaughter after disinfection and by special permit. Domestic animals, within the meaning of this rule, shall include cattle, sheep, other ruminants, swine, horses, mules, dogs, cats, poultry, pigeons and rabbits.

(18.) The movement of hay, straw, fodder and similar material used for packing purposes, feed or bedding from or within close quarantine area is prohibited except by special permit. No feed shall be moved from premises on which live stock is kept.

(19.) The movement of manure is prohibited from premises in close quarantine area except by special permit.

(20.) Trucks visiting slaughter plants, feed warehouses, poultry depots, or similar places must be properly cleaned and disinfected before moving from close quarantine area.

(21.) Salesmen, agents, peddlers, buyers of poultry and live stock and persons similarly engaged are prohibited from entering premises where live stock is kept except by official permit. It is desired that assessors co-operate by proper disinfection before leaving such premises.

(22.) Dogs may be moved by special permit. Officials may destroy dogs and cats found on other than owner's premises except these under immediate control.

(23.) The shipment of milk products from close quarantined area into unquarantined area is prohibited except butter from factories where an official is stationed at the expense of the manufacturer to supervise pasteurization and handling of raw materials; except, condensed and evaporated milk in hermetically sealed containers, milk powder and casein.

(24.) The manufacture of cheese in close quarantined area is prohibited.

(25.) Raw milk originating in close quarantined area may be sold for human consumption by official permit.

(26.) Milk and cream offered for sale at farms shall be delivered at the roadside to be collected by receivers. Hooters and conveyances are prohibited from entering private roads or premises where live stock is kept.

(27.) All cases used for transporting milk or products of milk moving within close quarantined area, shall be thoroughly washed, sterilized and dried at the plant before returning to farms. Clean cans shall not be placed on floors, platforms or conveyances until such floors, platforms or conveyances have been thoroughly scrubbed and disinfected with steam or a solution of chloride of lime in the proportion of one pound to three gallons of water. All cans used for transporting milk or products of milk, moving from and to close quarantined area must be handled in the manner indicated above and under constant supervision of an official at the expense of the plant.

WIFE STABBED IN QUARREL
Victim Thought to be Fatally Wounded; Husband is Being Sought as Assailant

In a jealous quarrel, it is believed, Clayton S. Teeple of 844 East Fifth street stabbed his wife, Edna Mae Teeple, with a butcher knife, yesterday, and she died in a hospital where Dr. Dorn found a condition last night at Receiving Hospital while a squad of detectives looked for her assailant.

Teeple is a chef at the Gorm restaurant, Washington and Arlington streets, according to information given the police, while his wife was a waitress in a restaurant at Jefferson and Main street. They were married nine months ago but separated two months ago. Since that time Mrs. Teeple resumed her maiden name.

The stabbing took place at the rooming-house of Mrs. Anton Varlos, 224 East Fifty-fifth street, where the young woman roomed. L. H. Vartosh, the landlady's son, saw the couple talking together in front of the house when he came home. Later he heard the young woman scream. She met him at the door, a pair of scissors in her hand, and exclaimed, "I've stabbed." He ran for the police.

supervision of an official at the expense of the plant.

ELSEWHERE IN STATE
SAN FRANCISCO, March 25.—Pedestrians and all traffic except that held absolutely necessary were barred today for half a mile on Third street in this city, past the Miller and Lux stockyards, as one of the quarantine measures.

The movement of manure is prohibited from premises in close quarantine area except by special permit.

(19.) Trucks visiting slaughter plants, feed warehouses, poultry depots, or similar places must be properly cleaned and disinfected before moving from close quarantine area.

(21.) Salesmen, agents, peddlers, buyers of poultry and live stock and persons similarly engaged are prohibited from entering premises where live stock is kept except by official permit. It is desired that assessors co-operate by proper disinfection before leaving such premises.

(22.) Dogs may be moved by special permit. Officials may destroy dogs and cats found on other than owner's premises except these under immediate control.

(23.) The shipment of milk products from close quarantined area into unquarantined area is prohibited except butter from factories where an official is stationed at the expense of the manufacturer to supervise pasteurization and handling of raw materials; except, condensed and evaporated milk in hermetically sealed containers, milk powder and casein.

(24.) The manufacture of cheese in close quarantined area is prohibited.

(25.) Raw milk originating in close quarantined area may be sold for human consumption by official permit.

(26.) Milk and cream offered for sale at farms shall be delivered at the roadside to be collected by receivers. Hooters and conveyances are prohibited from entering private roads or premises where live stock is kept.

(27.) All cases used for transporting milk or products of milk moving within close quarantined area, shall be thoroughly washed, sterilized and dried at the plant before returning to farms. Clean cans shall not be placed on floors, platforms or conveyances until such floors, platforms or conveyances have been thoroughly scrubbed and disinfected with steam or a solution of chloride of lime in the proportion of one pound to three gallons of water. ALICE LAKE WED BY ACTOR
Robert Williams Starts With Screen Actress to New York Home After Hurried Ceremony

In a Hollywood lurch a wedding bouquet of orchids is slowly freezing. It was to have been carried by Alice Lake, film actress, when she was married yesterday morning to Robert Williams, actor, but in her hurry to get to the marriage-license bureau Miss Lake forgot it.

"Frozen flowers, and they were beautiful," the actress exclaimed as she and William stood before Police Judge James H. Pope to be married. They had only fifty minutes to get the knot tied, eat a wedding breakfast, and drive to the old Salt Lake station for the 10:10 train, which carried them East.

It is the last time California will see Alice Lake for some time, she said yesterday. William is to appear in a play in New York this spring and the couple plan to make their future home there.

"Of course, I will return for visits," the actress declared. "I am going out of pictures for the present, at least, but may return sometime, and meanwhile I shall want to make my California friends frequently."

The courtship of Williams was a whirlwind one, according to his friends, who said he fell in love at first sight and became engaged shortly afterward. The engagement was announced only a few days ago.

Escorted by two friends, Mr. and Mrs. Harry L. Whitney, Miss Lake and Williams arrived at the marriage license bureau yesterday at 9 a.m. The license was obtained and the ceremony was performed by the Rev. J. H. Cullen, pastor of the First Methodist church, who was called by telephone to the bureau.

JAIL OPEN FOR
ARCHIE QUINCY

(Continued from First Page)

marital obligations. The judge declared that otherwise he would introduce the defendant to a hotel at the Lincoln Heights jail. Mr. Quincy's face turned a pale blue.

Mr. Quincy made a vehement defense in the matter of the canary bird. He had dropped into his mother-in-law's house for a cup of tea when, he said, he noticed that the bottom of the bird cage was broken, bird seed on the floor, the window open and the canary gone. He said he had called Mrs. Taylor's attention to this chain of circumstances, merely as a matter of politeness, but that for his pains he had been thrown out of the house.

Mr. Quincy later declared that the charge that he had sewed the canary was preposterous, because no pawnbroker would take a canary; that he knew what he was talking about because he had tried it.

CAVE-IN HALTS
SKELETON HUNT

(Continued from First Page)

further excavation will reveal weapons or implements which might assist in reading the story of the bones.

What would be even more interesting would be the remains of prehistoric animals, such as saber-toothed tigers, which are known to have become extinct with the close of the glacial period," he said.

If such evidence could be found in close proximity to these bones, it would settle the point, much in dispute, whether man made his appearance on this continent before the close of the ice age.

Dr. Bryan suggested further that this discovery might have an important bearing on the discovery of the skull of a woman in the La Brea pits some years ago. This skull was found in proximity to bones of many species of extinct animals, but owing to the conformation of the material in which the specimen was imbedded, it was thought to be of comparatively recent origin. If it can be shown that the skulls just found exhibit the same physical characteristics as those of the La Brea specimens, it may be decided that the latter is much older than the age now ascribed to it, and, in fact, that the woman to whom it belonged was really a contemporary of the extinct animals among whose bones the relic was found.

That the discovery of bones of extinct animals in the outfall sewer excavations is not improbable is indicated by the fact that a few such remains already have been unearthed during the work of digging the sewer.

The bones of an extinct species of camel were found about half a mile from this excavation," said Dr. Bryan. "In view of the distance between the two discoveries, however, the camel bones can not be held to have any particular bearing on these remains."

JURY REFUSES PLEA
OF WOMAN IN CRASH

A jury in Judge Monroe's court yesterday returned a verdict in favor of the defendant, following the closing of testimony in the trial of the suit for \$112,500 damages brought by Miss Dorothy Chapman of Pasadena against the Pacific Electric trolley company.

Chapman declared she received as a result of a collision between an automobile in which she was riding and a car operated by the defendant. The jury decided the railway company was not to blame for the accident.

PLAINTIFF IS TRIED
ON PERJURY CHARGE

GREINICH HEARING FOLLOWS
INVESTIGATION BY POLICE JUDGE

The hearing of Joseph Greinich on charges of perjury began before Justice Forbes yesterday. The complaint was brought at the request of Police Judge Richardson following Greinich's testimony against H. Balfour, whom Greinich had accused of assault and battery.

This was denied by Balfour and was also declared to be untrue by Patrolman Cullum and Sgt. McCall. Justice Richardson dismissed the case against Balfour and started the investigation that resulted in the complaint against Greinich.

WIEDENRATH BIGAMY
CHARGE IS DISMISSED

PROSECUTOR DROPS CASE FOR
LACK OF EVIDENCE

The bigamy case against John Henry Wiedenrath, Jr., was dismissed yesterday by Judge Hahn on the recommendation of Dep. Dist. Atty. Cullen. Insufficient evidence was given as the reason.

Wiedenrath was accused of having married Sara M. Thomas, 1615 Shatto Place, while he was legally married to Jennie Wiedenrath. He had been tried once but the jury disagreed.

JAYHAWKER PICNIC

Kansans to Gather Saturday at
Sycamore Grove

Former residents of Kansas and visitors from the Jayhawk State will have a picnic and reunion all day Saturday at Sycamore Grove. At least 10,000 persons are expected. County registers and headquarters will be maintained on the ground. Features will be arranged for the occasion, it is announced.

BENEFIT CONCERT TONIGHT

A benefit concert will be given this evening by the University of Southern California for the benefit of the Juvenile Protective Association. The event will be at the Navarro Apartments, 925 South Ivaradero street. Taking part in the program will be Elizabeth Copeland, Jane Kennelott, Bernice West, Dorothy Cameron, Marian Ritchie, Lillian Backstrand, Bentil Zena, Dorothy Stuthman and Lella Ellis.

SENIOR CLASS SNAP

The first of a series of senior snaps to be given by the senior class of the University of Southern California will be held this evening at the Holton Arms, 465 West Adams street, when members from the colleges of liberal arts, law and dentistry will be guests. A series of snaps will be given continuing until the commencement festivities in June.

Specialized
FLOORINGProfit through
the Experience of Specialized

When you place your floor problem in the hands of specialists you get results that only years of scientific study and wide experience can produce.

The specialized service offered by Bonded Floors Company covers many types of permanent resilient floors. It includes consultation, installation and guaranty bond.

Our flooring engineers are ready at times to assist architects, builders and owners in the selection of the exact right floor for any purpose. A letter or telephone call will bring our representative for a consultation which will put you under no obligation.

Experience has proved that the life of a floor is as dependent upon proper installation as upon the materials used. The Surety Bond is our pledge and guarantee of both right materials and scientific installation.

TERAN TRAINING
STUDENTS PROTEST

ORDER CUTTING OFF
VACATION PAY PUT IN
RESOLUTIONS

Protesters vigorously protested the order of the Veterans Bureau whereby the cost of vocational training would be shifted to the veterans.

The order was adopted by the Veterans Association at a meeting held at the Southern California chapter of the Rainbow Division.

Protesters point out that the order will cause the great majority of the disabled veterans to be unable to obtain vocational training, which is the only way they can make a living.

Protesters also point out that the order will cause the great majority of the disabled veterans to be unable to obtain vocational training, which is the only way they can make a living.

en. GAGEMENT ANNOUNCEMENT Made Known at Bridge

Elizabeth Jordan's Column.

THOSE POIGNANT MOMENTS

Many of my readers have been moved, as a result of my column, "The Turn of the Screw," to send me similar experiences of their own. All of these, like the one I described, get their effect from the sharp contrast between the temporary anguish of the moment and the utter unconsciousness of those around. In a way, it is a relief to have a form of this experience when, turning from the silent agony of a loved one whose eyes have just closed forever, we have the loud sound of a robin's song just outside the windows. It is a relief to have the happy laughter from children playing in the street. It is a relief to have the patient, who felt that now indeed she had her death sentence, not rigidly holding herself together, but her physician patting her hand.

"Don't lose hope," he said. "You're coming through all right. But both were in a state of high tension, and each felt that the worst day was the turn of the screw. After eight or ten minutes the surgeon returned beamingly. "A case of the real stuff," he said. "I'm glad to hear that." "Sent by a grateful patient who filled his collar with the amendment of everything. When he promised it the thing seemed too good to be true. But he swore he'd do it this morning, and here it is!"

THE BLATANT BANKER. After this he got around to the test and finally decided that the operation could be risked. "But it's my duty to tell you that it's a very serious situation," he assured the patient with sudden gravity.

As the operation was to be performed the next day she went from his office to her bank to raise a large amount of ready cash on some of her securities. To the manager she explained in a few words the need of the money and waited at his desk till he had made his selection among the securities beginning this task his weak telephone rang and he picked it up. "Well—old George, how about it? Good old chap! I'm delighted. Yes, you bet I will give you a list of everything you'll need from a tooth brush to a bill of mosquito netting."

For the next ten minutes he talked to George. It appeared that a lot of fellows—George and the manager included—were going on a fortnight's fishing and hunting trip and it was to be a wonderful outing. Mr. X. wanted to advise to George about fly rods and fishing tackle and wading boots and trunks, while he wondered how her three children, all under twelve, would get through life without her.

It is pleasant to add that she survived the operation and is returning to normal health and that the manager and the surgeon subsequently proved themselves both considerate and helpful. In the episodes described they were merely for the time utterly self-absorbed. (Copyright, 1924, by Elizabeth Jordan)

BLOND HAIR IN COMB; WIFE ASKS DIVORCE. COMPLAINT TELLS OF FINDING OTHER ENGAGEMENT EVIDENCE. When Mrs. Wilma Marie Haggerty came home from a trip and found blond hair on her comb, Mrs. Haggerty, who is a brunette, questioned her husband, John L. Haggerty.

"It's just a joke," Haggerty replied. At least that is the version given in Mrs. Haggerty's divorce complaint, filed yesterday. She investigated, she says, and discovered that her husband had been wearing a strange female hat and that, with her camera, her husband had taken a picture of a young woman. The couple were wed in 1920.

THIEVES TAKE BUTTER. Pair in Car Stole 120 Pounds from Company's Door. Two men drove up to the front door of the Challenge Cream and Butter Company at 1213 San Pedro street, in an old car yesterday afternoon, helped themselves to 120 pounds of butter from one of the company's trucks and drove away. A report of the theft was made at Central Police Station.

NAMED TO COUNCIL. J. T. Arnold Appointed to Place on Long Beach Body. By a "Times" Staff Correspondent LONG BEACH, March 25.—John T. Arnold, a retired business man, was appointed member of the City Council today to fill the vacancy created by the death two weeks ago of Councilman W. H. McCoy.

JUNKET COST SAVED. City Building Inspector Says He is Too Busy to Go. Here's a rare bird—a city official who is too busy attending to his official duties to enjoy a junketing trip at the taxpayers' expense. The official is Chief Inspector of Buildings Backus. He is a convention of building officials to be held at Louisville, Ky. next month and it had been suggested that Chief Inspector of Buildings Backus should be sent to represent Los Angeles. "Too busy," said Mr. Backus, and so a proposed appropriation of \$150 to pay his expenses east was turned down by the City Council yesterday.

Interest to Women.

SCHOOLS OF TRADES ARE UNDER FIRE

State Investigator Will Start Campaign Against Alleged Frauds

An investigation into trade schools of Los Angeles that are declared to give worthless courses at high rates of tuition will be started at once, according to an announcement yesterday by Dr. Louis Bloch, investigator of the State Labor Department following his arrival here from San Francisco.

Numerous complaints have been received by the Labor Department, Dr. Bloch stated, from employers declaring that "graduates" of some of the trade schools in plumbing, plastering and other lines are not fitted to do satisfactory work and from "graduates" complaining that courses given by the schools did not come up to the promises.

The attention of the maritime world is on the Pacific, said Mr. Laverie. He predicted that the next decade will see the greatest period of shipping development, both in intercoastal and trans-Pacific trade, in the history of this Coast.

COOTE CASHIER IS FREED OF CHARGE

EDWARDS' EMBEZZLEMENT INDICTMENT DROPPED BY JUDGE REEVE

Charges of embezzlement brought against John R. Edwards, cashier of the A. W. Coote Company, in connection with a shortage of funds in the company, yesterday were dropped by Judge Reeve at the request of Dep. Dist. Atty. Clarke.

Edwards was arrested in Georgia and returned here on a grand jury indictment returned at the time indictments were returned against Coote, who was acquitted of four embezzlement charges a short time ago. Edwards' exoneration is the result of investigation carried on at the time of the Coote trial.

PORT FREIGHT JUMP

December Commerce has Increase in Tons and Value

Freight handled over the municipal wharves at Los Angeles Harbor during December, 1923, amounted to 3,363,728 tons, or an increase over December, 1922, of 502,363 tons, according to the report of the Board of Harbor Commissioners issued yesterday.

BURGLARS STRIP HOME

All Furniture in House Taken by Hard-Working Thieves

Burglars who did not mind doing a little work visited the home of Howard J. Rehn, 2715 West Seventy-sixth street, and stripped it of all the furniture. Rehn reported yesterday to the University police. The burglary took place between 7 and 9 p.m. Monday. A cedar chest full of women's clothing and worth \$500, a wardrobe full of men's attire, two beds, a radio set, chairs, Oriental rugs and the like were taken. Rehn placed his loss at well over \$1000.

Robert Laverie Sees Spurt for Coast Shipping

Robert H. Laverie, head of the Bureau Veritas in the United States and regarded as the country's foremost consulting marine engineer, arrived from New York yesterday to begin a general survey of shipping conditions on the Pacific Coast.

Mr. Laverie yesterday was the guest of John F. Craig, Long Beach shipbuilder, and Herbert E. Pickering, Southern California representative of Bureau Veritas, on an inspection of the local port and its shipbuilding facilities. The engineer expressed amazement over the phenomenal growth of Los Angeles Harbor and the general development of Southern California since his last visit here eight years ago.

He left for San Francisco last night. He later will go to northern ports in the completion of his inspection tour.

COOTE CASHIER IS FREED OF CHARGE

EDWARDS' EMBEZZLEMENT INDICTMENT DROPPED BY JUDGE REEVE

Charges of embezzlement brought against John R. Edwards, cashier of the A. W. Coote Company, in connection with a shortage of funds in the company, yesterday were dropped by Judge Reeve at the request of Dep. Dist. Atty. Clarke.

Edwards was arrested in Georgia and returned here on a grand jury indictment returned at the time indictments were returned against Coote, who was acquitted of four embezzlement charges a short time ago. Edwards' exoneration is the result of investigation carried on at the time of the Coote trial.

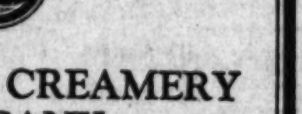

GUESTS OF ALUMNI

Local Chicago Association is Host to Trustee Visitors

Southern California alumni of the University of Chicago met Tuesday night at the University Club to honor three trustees of the college now touring California and to elect officers for the coming year. The guests of honor were Harold H. Swift, president of Swift & Co., packers, and also president of the board of trustees of the University of Chicago; A. W. Shearer and Dr. Wilbur Post, members of the board. They addressed the local association and told of the progress of the institution since it was established.

Los Angeles 2225 West Seventh Street. Phone: 317-461, 337-578.

CITY TO WAR ON FIRING OF SUMP HOLES

Council Orders Attorney to Prepare Ordinance to Abate Nuisance

City Attorney Stephens has been instructed by the City Council to prepare and present an ordinance prohibiting the firing of sump holes, or abandoned oil wells, and providing that those found guilty of setting fire to these holes shall be punished by a fine of \$500, imprisonment for six months or both.

The ordinance, which undoubtedly will be adopted, was requested by the Hollywood Chamber of Commerce, Hollywood Foothills Improvement Association and the Hollywood Hills Association, which received numerous complaints that these sump holes were being fired resulting in heavy damage to nearby property. As a result of these fires, the foothills are hidden by clouds of smoke and at times much of the sky over the city is overcast.

FILM MAN'S WIFE HURT

Mrs. F. Messenger, said to be the wife of Frank Messenger, a Universal City assistant director, yesterday suffered a slight cut over her left eye, a scratched face and injuries to her legs and hips, police found. She was taken to her home in Lankershim.

Made From the "Cream of Creams"

From high mountain pastures comes the Rich, Sweet Cream that is churned by experts into Maid o' Clover Butter. Every step in the manufacture, wrapping and packing of this fine butter is carefully watched and safeguarded to insure its reaching your table fresh, pure and clean—and in the most convenient form for serving.

Each one-pound package of Maid o' Clover Butter contains four separately-wrapped quarters.

A Gift for You

Paris laboratory reveals new way to a beautiful skin

Vivaudou's Astringent Cream beautifies by giving your pores their early childhood fineness. It gently contracts the pores, giving to the skin the smooth texture you so much admire in the skin of a child.

That fine pores are necessary to good looks. From the beginning of world affairs beauty and science have worked together in the search for this knowledge. Famous beauty formulas have come and gone, "beauty" vogues have had their day, baths of milk and dew have been tried and found wanting—until at last the simple truth stands revealed.

Makes the Pores Young But it does not close the pores. That would be detrimental to health. Instead it restores each pore to its original, natural size, so that dirt and other foreign substances cannot enter to choke it or to cause that muddy appearance so common to a coarse skin.

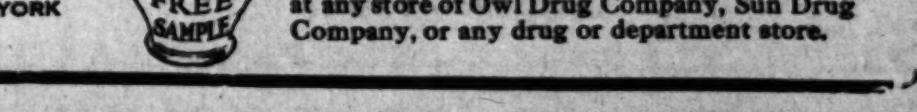

Thus the skin is more easily kept clean, because the pores are free from foreign matter which usually has to be laboriously pressed or washed out. And every time the pores have to be cleaned un-naturally they are left more inflamed and swollen than they were before.

Better In Every Way The skin looks better, feels better, is firmer, is free from sagging flabbiness, and is more easily kept young than ever before.

Still Another Gift With your free sample you will also receive a helpful book on creams and their uses. Every woman zealous for her good looks will appreciate this book. Your book will show you the particular way of caring for your skin, whether it be dry, oily, coarse, rough, or whatever the condition may be.

So be sure to ask for your free sample and free book with-out further delay at any of the stores mentioned at the foot of this announcement.

FREE Ask for your free sample and free book on Creams and Their Uses at any store of Owl Drug Company, Sun Drug Company, or any drug or department store.

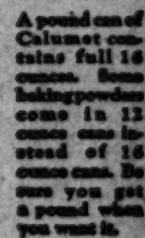

"Let's get married," was scribbled on a note the boy wrote the girl.

"See you at noon," was the hastily-pencilled reply.

Off to Santa Ana they went. Paul's car at noon, and were married. Back they went to Anna's home that evening and were separated by her parents.

Annulment was granted.

HELEN D. WISHARD
SOPRANO AND DIRECTOR OF FULLERTON HIGH SCHOOL GLEE CLUB

Kirk Bower, soprano, and Raymond Harmon, tenor, were the featured artists in the first of a series of vocal demonstrations given by the Fullerton High School Glee Club, under the direction of Helen D. Wishard, soprano and director of the club.

Blindness overtook this gifted young artist when in her infancy and kept her in darkness until the light of music penetrated her soul. Refusing to recognize her affliction, she sought and found the wonders of life and glorified them in verse and music. With the realization that this native talent was the window through which she could gaze upon the world, came the determination to keep a light burning there for guidance to those who were groping through the mist as she had been compelled to do. Its warm glow fell upon the microphone last night and penetrated into homes that marveled at its radiance and coloring.

Four weeks ago Miss Fenner had the pleasure of hearing both Mary Newkirk Bower and Raymond Harmon broadcasting their splendid voices from K.H.J. That ethereal spirit which presents to her appropriate musical scores for the visions of her active imagination responded to the offerings of these two artists and she immediately composed the number which was presented last night. The uncanny ability of this young girl still in her teens and handicapped by blindness in writing words and music to fit the personality of performers she had never seen is an accomplishment that will go down in K.H.J. history as one of its outstanding chapters.

Mary Newkirk Bower, inspired by the exquisite beauty of the selections which had been constructed around her charms, gave herself completely to their rendition and the result was entrancing. Requests for encores followed each other in rapid order but unfortunately Miss Bower and Miss Fenner, who accompanied her, found it impossible to satisfy the demand. Raymond Harmon, another favorite of Radioland, continued to regale the hearts of his listeners with a presentation of the numbers which his accomplished voice and her captivating contralto voice completed the group of three artists who shared honors to the cause of good music.

As was to be expected, the Southern California Music Company again demonstrated its devotion to the cause of good music. Through its courtesy, N. W. Devereux, assembled and presented a levy of musical queens composed of Louise Gude, soprano and vocal instructor; Frances Ventling, pianist; Lenore Weyman, violinist; and Margaret Tyner, cellist, the last three appearing under the name of the Aerton Trio.

Louise Gude, whose offerings in the past have impressed her hearers as the work of a finished artist, added to her hosts of followers by the ease with which she carries her higher notes and the limpid clearness of her diction. The Aerton Trio radiated youth, beauty and ability. They pervaded the atmosphere with melodies that spelled art.

The Sandman arrived before Queen Titania and brought another verse from his Fairy Library. Queen Titania sprang another surprise on the studio by the manner of her arrival. A big bubble, looking like a child's balloon, drifted in through the studio window, finally coming to rest on the table in front of Uncle John and the Sandman.

Upon the Sandman insisting that Uncle John prick the bubble, he finally did so and inside was the little Queen of the Fairies. She said that it was a "Thought Bubble" and explained what that meant. Queen Titania explained why the visit to Fairyland had been postponed until next Tuesday evening and promised everyone a good time then. She also brought to the studio a letter which she had received from Radioland, a letter which clearly showed that the writer often had visited Fairyland in her dreams.

The Sandman told the story of "Gardner Single Control Radio Set" and promised everyone a good time then. She also brought to the studio a letter which she had received from Radioland, a letter which clearly showed that the writer often had visited Fairyland in her dreams.

SCHOOL ORATION
RIVALRY GROWSConstitutional Contest in
District HotterJuniors Compete With City
Senior HighsBest Papers to be Chosen by
Test Series

As the work of preparing orations for the National Constitutional Contest progresses, an ever increasing number of reports of friendly rivalries among the various schools represented by the Times, which is sponsoring the contest in the Pacific Southwest.

Up to this time the disposition of one school to outdo its neighbor has been particularly noticeable among the institutions in the smaller towns, but yesterday information was forthcoming to the effect that the spirit of rivalry between the junior and the senior schools in Los Angeles is even more marked.

There are ten junior high schools in Los Angeles representing a student body of about 10,000, all of which institutions are represented, some with only 100 pupils preparing orations, while others have several hundred.

PAPERS TO COMPLETE

In a letter to Prof. Blanka, Mrs. Elsie C. Bartlett, principal of McKinley Junior High School in Los Angeles, states that 780 pupils in her school have written papers on the Constitution and that more than 1600 of the institution's 1700 pupils have been diligently studying that document since preparation for the contest began.

From the papers submitted, about seventy of the best were read before a committee of teachers, who finally chose twelve who will enter an elimination contest before the entire faculty. From these twelve, six will be chosen to represent the school at the district meet, which is to take place on April 2.

MISS SWANSON WINS POINT
Her Answer Stands in Realty Transaction and Case
Will Now Go to Trial

Placing the case in a position to be set for trial, Judge Guerin yesterday overruled a demurrer to the answer made by Gloria Swanson, film actress, to a suit brought against her and her secretary, Violet Reid Urson, charging breach of contract in a transaction involving valuable property in Hollywood. The court also denied a motion to strike the complete answer from the record.

Frank Muller, the plaintiff in the property with another party prior to the time he agreed to purchase the property; that the agreement had not been canceled and that the defendants were, therefore, not in a position to enter into a contract with the plaintiff.

PLAINTIFF'S STORY

In his complaint, Muller charged that he entered into a contract October 8, 1923, with the defendants whereby he was to purchase real estate located at Calhoun avenue and Dix street for \$50,000. He said it was arranged that he would pay \$10,000 to the defendants and the balance of \$40,000 in installments of \$1,000 per month.

RIVALRY GROWING

In addition to the rivalry that is increasing between the juniors and the seniors, there is also a growing rivalry of spirit among the junior high schools of Los Angeles. The most marked is that between the McKinley school and the John Muir Junior High School. Both schools are fairly evenly matched in point of number of pupils. McKinley has a reputation in the city for its high academic standards. McKinley was left out. This year McKinley hopes to turn the tables.

Child Returned to Mother, Free From City Jail

Rhila Jo De Guire, 8 years of age, held in Juvenile Hall as a result of her mother's arrest and detention in the City Jail, yesterday was returned to her mother, Mrs. J. De Guire, who had been released from the City Jail.

Man Ends Life Amid Group in Modiste Shop

NEW YORK, March 25.—In the midst of a group of fashionably dressed women awaiting appointments with the modistes in a shop at 42 West Fifty-sixth street, James Wolf, Croton, N. Y., drank a bottle full of iodine and died almost instantly. The police found the body of the man in the shop.
